PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The authors present a small study about subchorionic haemorrhage. The presentation is straightforward and the conclusions clear. There are some important modifications required:</p> <p>The English language needs to be proofread and corrected accordingly.</p> <p>The sentence "Generally, we cannot spot..." should be divided into two sentences and the pronoun "we" should be eliminated.</p> <p>Abbreviations used should be introduced in full upon first mention</p> <p>The Methods should contain information about the ethical approval and patient consent</p>	
Minor REVISION comments		
Optional/General comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
