PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Organ Donors are broadly divided into two categories: living donors and deceased/ cadaver donors. The author shall avoid using the term "Donors who have died naturally".2. Consent is an important element of organ donation. The author shall include this under "Steps in Transplantation/Organ Donation Process".3. It would be better if the author presents current organ donation scenario by providing updated data from global databases on Donation and Transplantation.4. "Societal awareness and perception regarding organ donation" may be clubbed with "Factors affecting organ donation activities". Otherwise it appears like repeating of certain points.	
Minor REVISION comments	<ol style="list-style-type: none">1. Technical and appropriate words are required to be used.	
Optional/General comments	<ol style="list-style-type: none">1. The author may relook the manuscript for technical language, grammar and repetition.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
