

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80242
Title of the Manuscript:	Meta-Analysis of Steroids And Their Impact In Mucormycosis
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Data should be plotted in forest plot with heterogeneity value.2. No problem statement for meta analysis is discussed3. Methodology is not clear. No inclusion criteria and no exclusion criteria is discussed.4. No proper conclusion5. Actually, title is misleading the whole content. Advise is to change the title or change the whole content.6. References appears to be very less in number. Adding more references would make the manuscript scientifically sound.7. Table 2 seems to be copy paste from the literature which is highly unacceptable.	
Minor REVISION comments	<ol style="list-style-type: none">1. It is found that the manuscript has a number of obvious grammatical errors and passive voice misuses. Sentences are not well framed. Consider seeking the assistance of a native English speaker.2. Frame table 2 in word format, not in image format.	
Optional/General comments		

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
