PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Results and Discussions seem clumsy, your results should be firstly tabulated or talked on independently before discussed. Then in discussing any result, it should be compared to past results of related articles to enable us get a clearer understanding of your work. 2. Your conclusion should be worked on, while concluding your article, your should make the public understand everything you've written down so far by hinting on them all.	
Minor REVISION comments	Your Reference should be arranged alphabetically even though numberered. In A-Z other.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
