Type of the Article	Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. The author need a brief explanation regarding the study population (under Section "Material and Method"). As the study used a participant with ages 24-34 years, while author also mentioned the female's participants with the ages around 20 years. 2. The paper should be revised for syntax errors.	
Optional/General comments	I appreciate the effort of authors in performing research and compiling it in the form of a paper for publication. The hard work and honesty of researchers in this regard is always a highly appreciable trait.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	Ethical compliance issues are required. Please mention how these will be addressed & enclose clearance certificate from concerned authorities if required
