General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The author present an interesting review article that is worth publishing. However, some additional modifications are necessary before it can be accepted for publication.</p> <p>-This article is a review article. Therefore, the author should analyse the data of each literature and summarize all information as a conclusion. In addition, the authors should add opinions/comments for the analysed data.</p> <p>- I suggest that the author should separately present a conclusion of thrapeutic effect and side effects.</p>	
Minor REVISION comments		
Optional/General comments
