

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80286
Title of the Manuscript:	Antioxidant activity of <i>Abies webbiana</i> mediated zinc oxide nanoparticles
Type of the Article	Research article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1- Extensive editing of English language and style required2- The abstract and conclusion sections should be a specific and3- scientific approach.4- The introduction does not provide sufficient background, the author should expound on the research significance of the present work.5- The authors should explain the novelty of the present article.6- The analysis of the characterization of ZnO particle needs to be improved7- What is the pH of the reaction solution? The pH of the solution normally varies from precursor to precursor. The authors must justify the selection of pH, temperature, and time.8- The authors should provide high-resolution TEM, and lattice fringe patterns.9- The authors should include error bars in all results for more accuracy.10- In the current state, there are more typographical errors. Therefore, the authors are advised to recheck the whole manuscript for improving the language and structure carefully, and the type of nanoparticle was written wrongly twice.11- The author should focus on the conclusions to be supported by the results.	
Minor REVISION comments		
Optional/General comments
