

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80326
Title of the Manuscript:	Folic acid supplementation diminishes diabetes induced neural tube defects by recovering impaired embryo gene expression through its antioxidant activity
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Full manuscript needs to be thoroughly checked for grammar on each and every page of the manuscript.</p> <p>Title is too lengthy and needs complete reframing.</p> <p>Methodology demands mention of animal ethics approval statement by host institute for conducting these experiments.</p> <p>Also provide the justification for choosing the doses Folic acid and Vitamin E. For every methodology used/adopted through kits, needs to be supported with reference. Why 40u Nylon mesh is used?</p> <p>Overall write up of manuscript needs polishing over scientific writing.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
