Compulsory REVISION comments	<p>This review collects information on Tobacco Use and Dependence in Adolescents and the management strategies. Here are some suggestions and my opinion on this manuscript:</p> <p>Major points:</p> <ul style="list-style-type: none"> • In the Title, the type of review conducted should be clear. • In Abstract section, a line should be added at the end to reflect the areas encompassed/covered in this review. • The introduction part should also focus on the gaps in knowledge and importance of present review. • Recent studies on this subject should be comprehensively discussed and cited at suitable section. E.g. the following work may be referenced: doi: 10.3390/ijerph17082868. Susceptibility of an individual to any disease condition or psychological dependence to any addiction could also be linked to human constitution type mentioned in Ayurveda. (Ref: doi: 10.1007/s40495-020-00244-3). This point may also be added. • An organized review of the existing literature should be executed. The methodology or searching strategy adopted for this review should be mentioned. 	
Minor REVISION comments	<ul style="list-style-type: none"> • A table or any illustrative figure based on published studies on Tobacco Use and Dependence in Adolescents may be more relevant. 	
Optional/General comments	<ul style="list-style-type: none"> • The language and grammar is poor and should be improved throughout the manuscript. • The structure/format of paper including references should strictly follow the Journal guidelines.
