### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### PART 1: Review Comments

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | <p>(1) COVID-19 is not a virus, it's a disease</p> <p>(2) Don't use COV disease term, kindly go through WHO website for usage of the terms related to COVID-19</p> <p>(3) Abstract is not properly written, many sentences are poorly written without any clear message</p> <p>(4) as the manuscript is about diabetes, why the keywords don't have "diabetes" as keyword??</p> <p>(5) Throughout the manuscript, kindly revise the all terminology related to COVID-19. Go through the website of WHO, CDC and other international journal for understanding the terminology used for virus, disease and other things</p> <p>(6) Inline citation of references are not in order. I can't find the link between order of references in line citations. Kindly revise bibliography also as some references are in sentence case, bold case etc. All inline citation and bibliography should be arranged as per the guideline of the journal.</p> <p>(7) There are major grammatical mistakes through out the manuscript and poor sentence formation. Kindly improvise it thoroughly.</p> <p>(8) the conclusion of the manuscript is confusing. No clear message is given.</p> <p>(9) Kindly prepare the manuscript in a order of Review article.</p> <p>(10) Kindly refer to this review article on the same topic published recently and modify your manuscript accordingly.<br/> <a href="https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8416292/">https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8416292/</a></p> |   |
| <b>Minor</b> REVISION comments      |   |   |
| <b>Optional/General</b> comments    | The manuscript is prepared very poorly. The broad grammar mistakes, no new information, no proper format of the manuscript.   |   |

Review Form 1.6
