### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | The author has mentioned % percentage but total population should be mentioned in each cases. Moreover it is a just a report data rather than a research article, The conclusion portion does not signifies any major findings. The author should have drawn a proper conclusion related to all the datas mentioned in the various tables. The author has only tabled different types datas related to consumption of ORS by patients of different Gender, age, months,prescriber etc. But no proper conclusion has been framed . |   |
| <b>Minor</b> REVISION comments      |   |   |
| <b>Optional/General</b> comments    |   |   |

### **PART 2:**

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
