### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

### **PART 1:** Review Comments

|                                     | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| <b>Compulsory</b> REVISION comments | <b>The abstract does not really reflect the summary of the work as there is no specificity in description.<br/>The methodology is not well written, there is no clarity and may not attract viewers. It is confusing.<br/>The conclusion ended abruptly as it doesn't reflect the relevance of the work to the field.<br/>The references are too much compared to the few pages of introduction and discussion.</b> |   |
| <b>Minor</b> REVISION comments      | The author should follow the referencing pattern of the journal, there is no consistency  |   |
| <b>Optional/General</b> comments    | Author could be advised to give the manuscript to a senior colleague or boss for proper write up.   |   |

### **PART 2:**

|   | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <b>Are there ethical issues in this manuscript?</b> | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
