

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80734
Title of the Manuscript:	BILATERAL HYDROUTERONEPHROSIS DILATED VUR WITH CYSTITIS- A CASE STUDY
Type of the Article	Case study

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The manuscript has several writing and grammatical errors.2. The authors presented "word by word" results of some studies in their discussion, which is a sign of plagiarism.3. The course of disease and treatment seems to be a simple UTI.4. Surprisingly, there is no UA/US report, which is an integral part of diagnosis. Instead, the authors reported PBS that is not relevant to this case.5. The treatment plan is not scientifically justifiable (4 antibiotics without any antibiogram).	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	All case reports should include a part, declaring the informed consent from the patient. This report lacks this part.	

Review Form 1.6

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
