Type of the Article	Case Report

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Insufficient description of the disease and the presentation. Repetitive information in the paragraphs about the disease. Presenting medical history, past medical history, past surgical history...all are written the same. NEED TO IMPROVISE ON THE ART OF HISTORY WRITING. The delivery needs to be more clear and engaging	
Minor REVISION comments		
Optional/General comments	A good case report but needs to be revised thoroughly and meticulously so as to add to the literature and be useful for the scholars.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
