PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Correlation of MTHFR Gene Polymorphism with Male Infertility is an important issue to address. The author has to improve on the language and formation of sentences. The grammar aspect is completely neglected.	
Minor REVISION comments	The language and presentation of the details is not coherent and needs rewriting. I am afraid this manuscript although has important role in terms of research the author is advised to rewrite taking some expert advise in presenting the data	
Optional/General comments	NIL	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
