

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80789
Title of the Manuscript:	Study Protocol for Process Evaluation of Health and Wellness Center Programme in Bhandara district of Maharashtra
Type of the Article	Study Protocol

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	English review of the hole text. I am not quite sure if the study design is appropriate to answer the study question. Please, review if study design is adequate. I believe it is a descriptive study, so no "out of pocket" questions are adequate. I suggest you take a look at Equator Networks' site to find the best report checklist to your article. I also suggest you review the presented key words. I made some suggestions throughout the text.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i> Although authors report "Institutional Ethics Committee of Datta Meghe institute of Medical Sciences given approval to carry out the study" I did not find the process approval number.
