Type of the Article	Study Protocol

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The Introduction section is too much extended causing fatigue and boredom for the average reader, Needs a revision in no more than 3-4 paragraphs</p> <p>The discussion is too short. Need not only to mention other similar studies but also to discuss the expecting results according their findings.</p>	
Minor REVISION comments	The language (mainly in Introduction and methodology section) is very poor. Please revise. Many grammar mistakes (needs comma before which or where and decide to use the right type of verb "to be").	
Optional/General comments	Please keep the same font and letter size through all the text (including reference list)	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
