

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_80820
Title of the Manuscript:	A Study Protocol for Evaluation of Microcytic Hypochromic Anemia by High Performance Liquid Chromatography (HPLC)
Type of the Article	Study Protocol

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. English needs to be corrected, vast improvement is required to make it comprehensible.2. Part 8 of the Methods section should be deleted.	
Minor REVISION comments		
Optional/General comments	The proposed study seems sound, though it does not appear to be very original, thus questionable if it is worth pursuing. The manuscript is very poorly written and mostly difficult to read and understand. A professional science writer is required to make it readable.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>Yes, but patient consent will be sought, so all should be fine as there are no serious intrusive examinations, only blood samples are taken.</p>
