Manuscript Number:	Ms_JPRI_80853
Title of the Manuscript:	Evaluation of relative oral bioavailability of Shankha Bhasma prepared by two different methods in healthy volunteers: A Study Protocol
Type of the Article	Study Protocol

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory REVISION</b> comments</p> <ol style="list-style-type: none"> <li>Conch is a common name that is applied to a number of different medium to large sized "sea snail" or their "shells". The term generally applies to large sea snails that have a high spire and a siphonal canal (comes to a point at both ends of the shell). True conch are marine Gastropoda Molluscs in the family Strombidae, specially in the genus Strombus and other closely related genera such as Eustrombus. Chemically it is Calcium Carbonate (CaCO<sub>3</sub>). It contains mainly carbonate of calcium, iron, magnesium, sulphate, phosphate and chloride.</li> <li>References from (16-28)</li> <li>References 11, 12</li> <li>References publishing</li> </ol>	<ol style="list-style-type: none"> <li>This paragraph must be moved into introduction</li> <li>references must be written separately .</li> <li>year of publishing must be written</li> <li>more than 50% of references are older than 6 years Better replaced by new additions.</li> </ol>	
<p><b>Minor REVISION</b> comments</p> <ol style="list-style-type: none"> <li>There were many studies conducted regarding the preparation of <i>Shankha Bhasma</i></li> <li>SEM –EDX, AAS, FTIR, XRD, and GCMS</li> <li>Eligibility criteria</li> <li>follow up (After 24 Hrs, 3<sup>rd</sup> Day, 7<sup>th</sup> Day, 15<sup>th</sup> Day of drug administration )</li> <li>data presentation</li> </ol>	<ol style="list-style-type: none"> <li>Give examples of these references</li> <li>clarify these abbreviations</li> <li>depending on which guidelines</li> <li>why you select these dates checking of Calcium level</li> <li>what are the ways of data presentation</li> </ol>	
<p><b>Optional/General</b> comments</p>
