<b>PART 1: Review Comments</b>		
	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<p><b>The study objectives need to be clearly defined (Objective no 1 and 2 are overlapping).</b></p> <p><b>The time duration of study needs to be corrected (Differently mentioned at different places).</b></p> <p><b>It would be better to mention the significance of delayed phase scan (as mentioned in the Methodology of study) and the lateral decubitus view, if any, in routine scanning protocol for pancreatic lesions.</b></p>	
<b><u>Minor</u></b> REVISION comments	Since the study has already been done, the description language (grammatical tense) needs to be modified accordingly.	

<b>Optional/General</b> comments	The areas which need reconsideration have been marked in red. It would be better to review the same and revise accordingly.	
-------------------------------------	---	--

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
