Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Even the topic chosen is considered an important topic, more work is required in this study protocol.</p> <ul style="list-style-type: none"> - <u>Nothing mentioned in the article support the expected conclusion, which are</u> Causes for underutilization, low bed occupancy and turnover rate Please try to mention some of the evidence for that - <u>Many sentences required references such as:</u> <ol style="list-style-type: none"> 1- One of the most valuable the population boom is worrying. India's population continues to be increase at an unprecedented pace that leads to a rise in commodity and commodity prices, which results in lack of access to resources for all communities. 2- Patient related factor affects very badly to the hospital revenue as this factor reduces the flow of patient to the hospital. 3- Fruitless hospital information system, prolonged admission and discharge process, inadequate policy assurances are administrative factor which influenced the inadequate utilization of hospital beds. 4- The definition of hospital usage refers to the way a particular group uses its hospital services at the highest level. - <u>It is worth mentioning who is dominant in the Indian healthcare delivery system, public or private.</u> - <u>The methodology is very brief and needs to be defined in more detail.</u> Talk more about why this method was chosen, how it was done and try to convince the reader there were no relevant alternatives. 	
Minor REVISION comments	<ul style="list-style-type: none"> - <u>If possible, provide more recent statistics instead 2013 regarding the average population served per bed.</u> The average population served per bed in a Government run hospital in 2013 is 879 in India while it is below the National average at 1213 in West Bengal as per the data of Chief Data Officer, Government of India (3, 4,5). - <u>Defined the abbreviation mentioned in the article such as OPD Patient, IPD Patient.....</u> 	
Optional/General comments	Both proofreading and editing are required to improve the quality of writing
