

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_81058
Title of the Manuscript:	Comparison of Conventional and Microwave Bone Decalcification Methods by using 10% Nitric Acid: A Research Protocol.
Type of the Article	Study Protocol

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article has few references to this study and needs to update the data. There is a need to present more pertinent and less inconclusive data with a theoretical and practical basis. The statement "This will be drawn after the proper assessment of the study conducted after the clearance of the institutional ethics committee" leaves doubts about the possibility of publishing the material.	
Minor REVISION comments	The article needs a spelling and punctuation check.	
Optional/General comments	In the article file there are marks with comments about unnecessary repetition of information and the need to properly reference some paragraphs.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
