Type of the Article	Research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The manuscript is about 6 herbal toothpastes formulated and assessed for reducing oral tooth plaques. The products were tested against two important microorganisms commonly implicated in oral infections. The products showed good activity in reducing the level of these organisms when used as prescribed. The manuscript contained valuable information and adds knowledge to existing literature.</p> <p>However, the write up is VERY POOR and cannot be accepted in its present form for publication. A major revision of the manuscript is needed before it can be resubmitted for assessment. The authors may need assistance in terms of the English language, arrangement of the various sections or formatting and referencing. (both numbering and names were used in the references).</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
