| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|--|
| Compulsory REVISION comments | <p>A good effort by the author(s) The review article contains, both substance and material pertaining to soil reclamation. Following comments are made ;</p> <ul style="list-style-type: none"> a. I have slightly edited the study theme, which should be considered (pl see edited study theme as written on the attached manuscript). b. Author(s) have not followed the standard review article format which is as important as the research contents . Study objectives have been missed out and the readers will get confuse without knowing the objectives for writing this paper . I have marked the same on the attached manuscript in track change format . c. Study objectives be also written separately under paragraph-3, d. Methodology needs little elaboration (please the same as marked on the attached manuscript). e. Paper was not formatted , which has not been done – please attached manuscript . f. Recommendation paragraph was missing , Please add precise set of recommendation (please see the attached marked manuscript), like ; <ul style="list-style-type: none"> 1). Role of national and local governments for Legislations on the use of very toxic pesticides. 2). Role of EPA in chalking out prudent monitoring mechanisms to safe guard the public health. 3). Farmers awaengs campaigns to follow protective measures. 4). Measures necessarily needed to protect biodiversity and local ecosystem from pesticides poisoning . 5). Further research be undertaken on this subject g. All deletions & additions have been highlighted with red and blue colours respectively (pl see attached marked manuscript) | |
| Minor REVISION comments | <p>These are OK , Preferably , reference sitting should be on the line of APA format. DOI persistent links to those references that have DOIs should be added</p> | |
| Optional/General comments | | |
