PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The study done is nice and Novel but I feel 1. The time of study just three months is too less. 2. The sample size too less. 3. The sample size is too small to make any conclusions 4 Better statistical softwares and better questions would have highlighted the problem better.	
Minor REVISION comments		
Optional/General comments	The problem is there no doubts but it has not been highlighted well, could have been done, in a better way. I want to see the details of symptoms and the break up too.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
