PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Firstly, the use of scientific names of plant species should be in italics. In this manuscript under review, I noticed the inconsistent adherence to this principle, wherein, in some cases, <i>Malus domestica</i> was not captured in italics. This should be corrected.</p> <p>Secondly, specific names of species in combination with generic names should not be capitalized as observed in some portions of the text, such as "<i>Malus Domestica</i>". This should as well be corrected.</p>	
Minor REVISION comments		
Optional/General comments	The text is concise, precise and generally well written.	

PART 2:
