

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_81671
Title of the Manuscript:	Predictors of bleeding risks and episodes in heart patients
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Do odds of bleeding increase by 1.336% every year of age or at age 60 as cut off point? What does disease duration comprise of- which disease? (?thrombocytopenia) Drug dose and number of blood thinners may be different in CVD and non-CVD disease processes- does that affect bleeding risk? Is that accounted for?	
Minor REVISION comments		
Optional/General comments	Suggest using a line diagram with age as a continuous variable to see effect of other parameters. Await answers to above queries before further considering this manuscript for publication.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
