

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_82440.docx
Title of the Manuscript:	Knowledge and Applicational arsenic poisoning among dental students- A Survey
Type of the Article	Research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The authors made a thorough survey on arsenic poisoning among dental students. <ul style="list-style-type: none">• But why dental students were selected? Are they coming from a similar region? How many years are they exposed to Arsenic pollution must be clearly mentioned.• Abstract does not reflect the theme of the paper, it should be rewritten.• The data presented must be associated with statistical validation.• Some data analysis method must be followed to establish the inference.	
Minor REVISION comments	The writing style may be improved, as "How long it takes to develop cancer. [Figure 10] represents the knowledge of undergraduate students about how arsenic can be removed from the water"	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
