### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>I have found your manuscript gist to be sound and valuable to the scientific community. However, the following issues were disturbing and distressing;</p> <ol style="list-style-type: none"><li>1. Poor English writing. I recommend a person with better understanding of the English Language to assist the author(s) to polish up the manuscript.</li><li>2. The sentences are not cohesive and lack information flow. A great deal of work is required on this.</li><li>3. Punctuations are recklessly placed, spacing overlooked, figures not correctly labelled and words starting sentences have not been started with capital letters.</li><li>4. Correct spellings of some words in the tables.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	Adopt the recent style of tables (the one without boxes) for the manuscript.	

**Review Form 1.6**
