

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_82828
Title of the Manuscript:	ASSESSMENT OF RELATION OF SERUM URIC ACID & MICRO ALBUMINURIA IN THE PATIENTS OF DIABETES MELLITUS FOR EARLY DETECTION OF DIABETIC NEPHROPATHY
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Result 1: Uric Acid cut off for the incidence of albuminurea must be done with receiver operator characteristic (ROC) curve analysis: Sensitivity, specificity, positive and negative predictive value, area under curve (AUC)</p> <p>Result 2: Correlation between serum uric acid level and Micro albuminurea in type 2 Diabetic Nephropathy must be done.</p> <p>Result 3: Stratification for Age, Gender and duration of type 2 Diabetic Nephropathy.</p>	
Minor REVISION comments	<p>As a regard to the titles must be changed to the patient of type 2 Diabetes Mellitus instead of Diabetes Mellitus (Type 1 and Type 2).</p> <p>Exclusion criteria, there are many points must be added, for example: Impaired function of kidneys (Serum Creatinine > 1.5 mg/dl) or having Macro albuminurea, heart failure, hypothyroid, gout, alcoholism, history of fever, urinary tract infection.</p> <p>As a regard to the previous mention in the conclusion: Serum uric acid level cannot only be used as an early diagnostic marker but maybe also for prognostic monitoring of diabetic nephropathy.++</p>	
Optional/General comments
