Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p>	<p>1. The title shall best concise and precise with full information for the reader. The title shall best be: “DIAGNOSTIC DILEMMA: A CASE REPORT OF ISOLATED FOOT DROP”</p> <p>2. IN THE ABSTRACT</p> <ul style="list-style-type: none"> - line 1: The causes of said condition correct as “The causes of this condition” - Line 3: Write correctly: a 41-year-old - Line 4: sentence shall be as following: Neurological examination found 1/5 power of the left ankle dorsiflexors along with the presence of ankle clonus.” <p>3. CASE PRESENTATION:</p> <ul style="list-style-type: none"> - Line 1: Write correctly: a 41-year-old - Line 7: There is a contradiction: Magnetic resonance imaging (MRI): This test uses radio waves and a strong magnetic field to create detailed images. MRI is particularly useful in visualizing soft tissue lesions that may be compressing a nerve. How can brain MRI be normal? While the CT-scan of the brain showed a large, hyperdense, lobulated, extra axial parasagittal lesion? Please, present brain MRI images. - I want to you to present clinical images (at least two photographs) showing the dropping of the foot - Include in the case presentation the management. You state that the patient was managed in Neurosurgery. Did they do any biopsy? What was the final diagnosis? Did the patient undergo physical rehabilitation? For how long? Did the patient return to work? After how long time? <p>4. THE DISCUSSION IS POOR AND SHALLOW. NUMEROUS AND MOST RECENT ARTICLES MUST BE INCLUDED SUCH AS:</p> <ul style="list-style-type: none"> - Comer DM and Edgar JDM. A diagnostic dilemma: a case report. Cases Journal 2009, 2:99 doi:10.1186/1757-1626-2-99. Available: (http://creativecommons.org/licenses/by/2.0) - Nori SL and Stretanski.MF. Foot Drop. <i>StatPearls Publishing</i>; 2022 Jan.
