General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>Abstract: First write short introduction of topic. Abstract is too long, so please make it short. Conclusion in abstract should be made concise. Language also been revised.</p> <p>Objectives: Should write in past tense. Instead of writing aim of study write general objective and use one action verb for one objective in specific objective. Do not mix the objective with study rational, it should be separate. Study rational is too long</p> <p>Marketing perspective is not required.</p> <p>Theory explaining satisfaction should be concise in on para</p> <p>Ethical consideration is not clearly mentioned.</p> <p>This study was more focussed on introduction portion, please reduce this portion and more focussed on methodology and result.</p> <p>Result portion: This is not a thesis so please include main and most necessary finding only</p> <p>Conclusion: should write in sentence case, and please do not put the dots.</p>	
<u>Minor</u> REVISION comments	Language	
<u>Optional/General</u> comments		

Review Form 1.6
