General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript has many grammatical errors. The methodology needs to be written in past tense. Results section and Discussion sections need to be given separately. The references need to be as per journal's standards. Study design is observational cross-sectional study. The manuscript shall benefit from professional grammar check. The data in results section need not be duplicated, such as for same data representation by both graphs and tables are not needed, only one is sufficient. In fact, author should check how scientific manuscripts are written and then submit the manuscript after thorough editing and revision.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
