

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_83718
Title of the Manuscript:	Metabolic Syndrome in Patients with ST Elevated Myocardial Infarction
Type of the Article	Original Research Article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>1. Please divide study group into age category. You included wide range of years, so it is necessary to divide.</li> <li>2. Reorganize all results according to the age category.</li> <li>3. Calculate correlation between presence of metabolic status and old and lipid profile with incidence of STEMI in study group.</li> <li>4. Use regression model to predict STEMI possibility in patients with metabolic disorder.</li> <li>5. Table 1 and Table 3 are very similar. Merge data and tables and organize.</li> <li>6. What is exclusion percent of participants. Please explain in the Section Method.</li> </ol>	
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"> <li>1. Uniform all abbreviations throughout the text, for example triglycerides (TG), total cholesterol (TC), blood pressure (BP) and for all other parameters....</li> <li>2. Present just presence of comorbidity or condition, not negative connotation in percent in the Section Results.</li> <li>3. Discussion must be more detail.</li> <li>4. Include the latest data about the selected topic (last five years).</li> <li>5. Include the epidemiological latest literature data about the STEMI in young and older.</li> </ol>	
<b>Optional/General</b> comments
