

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_84025
Title of the Manuscript:	Effect of intracanal cryotherapy on surface temperature change in the root apex with different thickness; an Ex Vivo Study
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. How the root thickness was accessed? Specify 2. "Teeth extracted for orthodontic reasons with mature apex were included in the study." Most of the teeth extracted due to orthodontics reason are not single rooted (first premolar). Justify as you have taken only single rooted teeth in the sampling 3. Does age has any effect on the thickness of the root? if so specify 4. How sample size was calculated? 5. Whats the age of the subjects underwent extractions? 6. Which type of randomization was used in sampling distribution? 7. References should be in uniform pattern 8. Any clinical significance of using cryotherapy in endodontics? Quote studies if any 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. Reference no. 20 what have they used in in vitro study extracted teeth or animal teeth. Comment on this explain ? 	
Optional/General comments	<ol style="list-style-type: none"> 1. Grammatical mistakes
