This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljpri.com/index.php/JPRI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1) In abstract you said that 45.5% female and 65.5% male check the % level. 2) In introduction 1 st sentence author said that PT is important – But why the reason is not completed here or not clear. 3) The statistically evolution requested to build the bar chart, line graph or any comfort chart for statistics. 4) The paper alignment is not in proper kindly check that. 5) Authors are requested to maintain proper line spacing. 6) In discussion section the content were too high make them crispy. 7) When experiment and the result section is very strong means it is necessary to go for discussion. But in this paper method and result section are expecting more content. However the discussion section is ok when the result section contain graph, table and charts. 7) Conclusion is not sufficient request to maintain 130 to 180 words	
Optional/General comments		

Review Form 1.6
