PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | Article discussing and data collection was focussed on very few risks factor. There are lot of risk factor which can be controlled, modified to prevent CHD was not discussed. Gestational diabetes mellitus use of insulin, Preeclampsia, Smoking and drug history in mother, age of the parents. Preterm, gestational age at the time of delivery. | I would recommend the authors to include other risk factors if they have collected the data. |
| Minor REVISION comments | | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
