

## Review Form 1.6

Journal Name:	<a href="#">Journal of Pharmaceutical Research International</a>
Manuscript Number:	Ms_JPRI_85743
Title of the Manuscript:	Cardio Protective Role of Novel Gemmo Therapeutically Treated Glycyrrhizaglabra Against Isoproterenol Induced Myocardial Injury
Type of the Article	Original article

### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"><li>1. The experimental animals used was seventy. But at one line it was stated that 21 animals were selected.</li><li>2. 7 groups were formed. But in analysis 5 groups were mentioned. There was loss of accountability and subsequently clarity was also lost. This portion needs major revision with accuracy.</li><li>3. The p value was not mentioned. Is it because of small number or so?</li><li>4. The authors mentioned in the text did not find place in reference section and vice versa. This section also need revision.</li><li>5. The specific value of Glycyrrhiza glabra is lacking in the citation even though other phytochemicals find references.</li><li>6. For clear understanding, a short note can be added regarding gemmo and native extract.</li></ol>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
