PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. What about the comorbid conditions such as diabetes, immunocompromised conditions etc. were those patients included in the study if yes then what was their outcome in the study?2. Is there any difference based on the cause of DJ stenting such as stricture of stone disease, which one has more probability of having colonisation.	
Minor REVISION comments	Instead of calling it a JJ stent, a DJ or Double j stent sounds more scientific.	
Optional/General comments	Well written article and worth publication	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
