

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_89109
Title of the Manuscript:	Development and Evaluation of fast dissolving liquisolid haloperidol tablets
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Excellent In this research findings says that the study of haloperidol tablets how fast dissolving and how to develop and evaluated . Haloperidol nothing but it can treat certain types of mental disorders. It can also control symptoms of Tourette syndrome. Antipsychotic nothing but altering brain chemistry to help reduce psychotic symptoms like hallucinations, delusions . They can also help to prevent from returning. Here in this project used liquisolid table to check invivo how it works for antipsychotic disorders.	
<u>Minor</u> REVISION comments	Good References should be in alphabetical. Kindly make it an order.	
<u>Optional/General</u> comments	Excellent In this novel findings the liquisolid haloperidol tablet is helping to recover psychotic disorder. Invivo study also helps to find exactly. Novel finding says that invivo study revealed highest immobility time of rats . so in this research findings are health related project. It's a medicinal value. I would like to say it can be taken to continue molecular level. In this research findings are valuable to publish in your reputed journal.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
