PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
	<p>1. Run on sentence, wordy. Rewrite into 2-3 clear sentences.</p> <p>2. Error in sentence. Switch word "Almost" to Many countries.</p> <p>3. Reword sentence to state that the new strain of Covid viruses originally seen in Africa but now has spread to Britain and other parts of the world.</p> <p>4. Space after numbers in sentence.</p> <p><u>Compulsory</u> REVISION comments</p> <p>1. In spite of the fact that various media space both the traditional media and the new media are awashed with public health education and World Health Organization (WHO) Protocols on appropriate health behavior to be observed by people to prevent the spread of the pandemic, there has been increased spread.</p> <p>2. Almost countries have experienced the pandemic with some experiencing second wave of the pandemic like most European countries like Britain, France, Spain, and third wave like Israel.</p> <p>3. There has been a new strain of the virus same to be originated from South Africa but most prominent in Britain.</p> <p>4. By the end of May 2020 barely 5 months after the outbreak was announced and was declared a pandemic; over 6,086,407 people were said to have been infected and over 368,468 deaths recorded in the world (John Hopkins Hospital as reported in Nigerian Television Authority (NTA) New of 30 May, 2020).</p> <p>5. Conclusion – include a table for a quick reference to see assumptions based on results of study.</p>	

Review Form 1.6

<p>Minor REVISION comments</p>	<p>Shorten first part of article to just necessary facts before going into Methods section. Under results. List results in table. Minimize wordiness in paragraphs. Briefly go over results in table and just give a summary of what is found/results</p>	
<p>Optional/General comments</p>	<p>Have separate categories so article easier to read such as: Covid Statistics, Covid Variant Symptoms, Examples of Covid variant cases, Elderly deaths and injuries related to New Covid Strains, Methods, Results</p> <p>Under discussion. Delete 1st paragraph. Only mention information that goes along with study. Shorten that paragraph and add to limitations section if necessary.</p>	

PART 2:

	<p>Reviewer's comment</p>	<p>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</p>
