### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljsrr.com/index.php/JSRR/editorial-policy>

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<b>Cut short the research title, keep it simple, brief and attractive. At the same time, it should indicate what exactly is your research problem.</b>  Try to cut short the introduction part, should identify your topic, provide essential context and indicate your particular focus in the essay.  <b>Methodology part of the paper should be direct, precise and written in the past tense. In the case of existing method, give proper reference or else if the method is new, provide sufficient information to allow others to replicate the study.</b>	
<b>Minor</b> REVISION comments	<b>Limit the number of pages of your article as per the journal's author guide lines.</b>	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
