

## Review Form 1.6

Journal Name:	<a href="#">Journal of Scientific Research and Reports</a>
Manuscript Number:	Ms_JSRR_88627
Title of the Manuscript:	Phytotoxic Effect of Treated Wastewater on Seed Germination and Percent Root Elongation Inhibition in Some Vegetable Crops
Type of the Article	Short Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journaljsrr.com/index.php/JSRR/editorial-policy>

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>Phytotoxic effects on seed germination and percent root elongation in some vegetable crops are very well experimented and presented.</p> <p>From the perspective of waste water characteristic its fine to highlight the positive or negative impact on seed growth and root elongations. What will be the accumulation impacts in vegetables need to focused (If applicable to study)?</p> <p>Research paper is very well written and presented. Hence eligible for publication.</p>	
<b>Minor</b> REVISION comments	Some minor mistakes corrected.	
<b>Optional/General</b> comments	Good experimentation done and presented in right way	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
