Manuscript Number:	Ms_MRJI_87576
Title of the Manuscript:	Morphopathological study of Ovine Pulmonary Adenocarcinoma in Libya
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalmri.com/index.php/MRJI/editorial-policy>

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>Language: Moderate English changes are required, as well as grammatical corrections.</p> <p>Discussion: There is no need to repeat the objective in this topic. It could be further discussed about the epidemiological results of the study. Why do the authors believe that the rate of OPA was lower in this region than in other studies? Could it be due to the control measures adopted in this area? Does the weather of the region influence? How was the weather in the regions of the cited studies?</p> <p>References: More references can be added to the article, including more current ones.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
