General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalor.com/index.php/OR/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article has been submitted without completing properly. The method section in the abstract is too much elaborated and simply duplicated in the main document. The result is not summarized in the abstract. The result is not elaborated in the main document (only a number of tables are added) In discussion, please justify your outcome in comparison to other studies. Conclusion has to be precised.	
Minor REVISION comments	A number of minor grammatical mistakes that can be corrected on re-submission.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
