

Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_81101
Title of the Manuscript:	Mathematical form space: a new understanding of space in the theory of relativity
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalpsij.com/index.php/PSIJ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In my opinion, the manuscript is very subjective, so the theoretical analysis is particularly weak. My suggestion is to add some basic theory of mathematical physics, because it is an academic paper. Therefore, I suggest that this manuscript be considered after major revisions	
Minor REVISION comments	The conclusion of the manuscript is not clear and needs to be further condensed. At the same time, the language of the manuscript also needs further polishing	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
