

Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_81101
Title of the Manuscript:	Mathematical form space: a new understanding of space in the theory of relativity
Type of the Article	Review article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalpsij.com/index.php/PSIJ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article seeks to discuss the shortcomings of the space time view of special relativity and at the same time demonstrates why these shortcomings should be tolerated, but however, the discussion of the later view or theoretical reason for this view has not be considered in the literature or findings of the article.	
Minor REVISION comments	The author is recommended to increase the list of reference materials.	
Optional/General comments	The article provides deeper understanding of space time and exposes areas of further research topic on the space time continuum and their role in the proper understanding of relativity theory.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
