PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This paper is on the contradiction due to the inertial motion. I think this paper gives a new insight to the relativity theory. Hence it is considered that this paper can be acceptable as the present form.	
Minor REVISION comments	I suggests the author that the title of the paper will be revised for the readers which is more understandable for them.	
Optional/General comments
