

Review Form 1.6

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_77676
Title of the Manuscript:	Clitoria ternatea - Shifting Paradigms: From Laboratory to Industry.
Type of the Article	Minireview Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an excellent mini review article that makes important contribution in summarizing the innate specific properties of C.ternatea and this is a good way of encouraging more researchers to study on the product commercialization of this plant. However, for this paper to be accepted for publication, the author should cite and include in the "Current and Potential Commercial Products", the different C. ternatea products on food industry (candies, cookies and other food-related products) to make this section stronger.	
Minor REVISION comments	The author is requested for grammatical editing before publication.	
Optional/General comments	Complete proofreading is needed before publication.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
