General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalsajsse.com/index.php/SAJSSE/editorial-poligracy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>There is no mention of Table 1 in the text, and related comments. Please insert these.</p> <p>The same observed problems are related to Table 2 and Table 3. I suggest making more direct and detailed comment to the items presented in these tables since these represent essential contributions the approached subject of the paper.</p> <p>In page 6, a phrase is unfinished: "However,"...</p> <p>Figure 4.3 is mentioned in the text, but it is not provided. Please insert it.</p> <p>Some more concrete solutions to the approached subject should be expected. Please improve.</p> <p>Some conclusions addressing the identified solutions should be formulated.</p>	
Minor REVISION comments	<p>Orthography mistakes are marked in the manuscript sent by me. Please correct.</p> <p>Left alignment is recommended in Tables 1, 2, and 3 to improve the visibility of the information on columns.</p>	
Optional/General comments	<p>The references used are recent that makes the study very actual. The subject is of utmost interest nowadays, becoming critical, considering the connected subject of global warming increased and moreover 2021 is considered the warmest year in the recent history.</p>
